## COMPUTER TABLES FOR SALE

The centre has a number of computer tables for  
sale at £15. They are tables with a metal frame  
and are big enough to take a desktop computer  
and accessories. They also have a section for  
threading the cables through. They are in good  
condition and hardly used. Please see Mavis or  
Denise if you want one or come along to the  
coffee morning on the 16<sup>th</sup> March.

## YOUTH TEAM FUNDING AND DEVELOPMENT WORKER FUNDING IN PLACE FOR ANOTHER YEAR.

Thanks to a grant from Lloyds TSB, The  
Sherburn Hospital Charity, The Co-op and the  
Hadrian Trust, we now have funding to keep our  
workers funded for another year. We do have  
other applications outstanding and hope to have  
sufficient funds in place eventually to extend  
this to 3 years. Our youth team are also  
working with MOBEX and Consett YMCA to  
widen out the opportunities and activities we  
can offer our young people. Youth club is on  
Monday nights for under 12's and Wednesday  
night is for over 12's. We also have music club  
boys night and other activities on.

Computer sessions for adults are on Mondays  
and Wednesdays 10-12 and 1-3 with Alan  
Anderson. Come along just to use the  
computers or enrol on an on line training course  
and enjoy the company. Everyone is welcome.

## New Board Members Needed!

We desperately need some new board members. Board Members must be members of the Association. Membership fees are £3.50 for adults £2.50 for seniors and £1 for junior members. If you are interested please contact Jenny or Denise at the Centre or ring 01388 731444/730525

## GOING GREEN

The community centre is hoping to go green by installing some photovoltaic panels. We have a quotation for the panels and are currently

fundraising for the £50,000 cost. Installing the panels will mean that we not only save money on our electricity bill but we will reduce our carbon footprint and qualify for the feed in tariff that could be worth up to £4,000 a year in come. This will go a long way to meeting our energy costs and to making the centre more sustainable. A priority for us in these energy expensive times.

## Get on the right track, it's Your Choice...

• work experience • new skills • confidence • qualifications  
 • volunteering • contacts • support • self esteem • good cv...
