

Local Councils in England

Annual return for the year ended 31 March 2013

Local councils in England with an annual turnover of £6.5 million or less must complete an annual return in accordance with proper practices summarising their activities at the end of each financial year. In this annual return the term 'local council' includes a Parish Meeting, a Parish Council and a Town Council.

The annual return on pages 2 to 5 is made up of four sections:

- **Sections 1 and 2** are completed by the person nominated by the local council.
- **Section 3** is completed by the external auditor appointed by the Audit Commission.
- **Section 4** is completed by the local council's internal audit provider.

Each council must approve this annual return no later than 30 June 2013.

Completing your annual return

Guidance notes, including a completion checklist, are provided on page 6 and at relevant points in the annual return.

Complete all sections highlighted in green. Do **not** leave any green box blank. Incomplete or incorrect returns require additional external audit work and may incur additional costs.

Send the annual return, together with your bank reconciliation as at 31 March 2013, an explanation of any significant year on year variances in the accounting statements and any additional information requested, to your external auditor by the due date.

Your external auditor will identify and ask for any additional documents needed for audit. Therefore, unless requested, do **not** send any original financial records to the external auditor.

Audited and certified annual returns will be returned to the local council for publication or public display of sections 1, 2 and 3. You must publish or display the audited annual return by 30 September 2013.

It should not be necessary for you to contact the external auditor or the Audit Commission directly for guidance.

More guidance on completing this annual return is available in the Practitioners' Guide for local councils that can be downloaded from www.nalc.gov.uk or from www.slcc.co.uk

Introduction

The following matters have been raised to draw items to the attention of Tow Law Town Council. These matters came to the attention of BDO LLP during the audit of the annual return for the year ended 31 March 2013.

The audit of the annual return may not disclose all shortcomings of the systems as some matters may not have come to the attention of the auditor. For this reason, the matters raised may not be the only ones that exist.

The matters listed below are explained in further detail on the page(s) that follow;

- Fixed assets revalued in error
-

The following issue(s) have been raised as there are minor errors on the annual return which we wish to draw to the attention of the council so they do not occur again in future years.

Fixed assets revalued in error

What is the issue?

Fixed assets have been revalued in error. Councils should not adjust assets disclosed on the annual return for revaluations, depreciation or impairment. The only movements on assets should be the cost of additions or the cost value of any disposals.

Why has this issue been raised?

Adjustments for revaluations are not in accordance with proper practices as described in Governance and Accountability in Local Councils, A Practitioners Guide. If the assets had been valued in accordance with proper practices, the value recorded on the Annual Return for fixed assets would be significantly different.

What do we recommend you do?

The council must ensure that only adjustments for additions and disposals are made through box 9 on the annual return.

Box 9 of the Annual Return should be the value of all fixed assets recorded in the fixed assets register, measured at cost value or given a proxy cost if the purchase cost is unknown. Assets comprise land, buildings, plant and equipment, vehicles, etc property that will be of economic benefit to the council over a period substantially longer than one financial year.

Assets which are held as community assets such as playing fields, war memorials etc should be included in the accounts at their historical cost or given a £1 value.

The cost value of assets is not expected to change unless an asset is ever disposed of or scrapped.
